SUBJECT No. 371.

Filter-bed to the Chitaldrug water-supply projects.

Mr. B Venkatasamanna, Chitaldrug municipality.

Summary of discussion.—A filter-bed may be constructed in order to supply pure drinking water to the inhabitants of the Chitaldrug town.

Reply of Government.—Under consideration.

KOLAR DISTRICT.

(Nos. 372—379.)

SUBJECT No. 372.

Bethamangala water distribution tank at Champion Reefs.

Mr. Arthur Gifford, Kolar Gold Fields Mining Board.

Summary of discussion.—The Mining Board respectfully request that the plan and estimate of a covering for this tank selected by the Mining Board from amongst several plans and estimates submitted by the Executive Engineer, Water-Supply and Stores Division, Bangalore, as being most suitable, may commend itself to the favourable consideration of Government.

Reply of Government.—*Vide* Dewan's reply to the Address of the Kolar Gold Fields Mining Board.

SUBJECT No. 373.

The Mysore Mines Regulation.

Mr. Arthur Gifford, Kolar Gold Fields Mining Board.

Summary of discussion.—We learn with much pleasure that Government propose to amend the Act in regard to the service of "notices on undesirables" power in this respect being conferred solely on the District Superintendent of Police.

Reply of Government.—*Vide* Dewan's reply to the Address of the Kolar Gold Fields Mining Board.

SUBJECT No. 374.

Government General Hospital.

Mr. Arthur Gifford, Kolar Gold Fields Mining Board.

Summary of discussion.—We wish again to bring to the notice of Government, the promise made by them in 1909, of providing accommodation for the Europeans and Anglo-Indians resident in the Kolar Gold Field and Sanitary Board Area, who are not entitled to attention at the Mines Hospital. The out-patient list of the present Government Hospital would show how much provision for in-patients of the above classes is needed.

Reply of Government.—*Vide* Dewan's reply to the Address of the Kolar Gold Fields Mining Board.

SUBJECT No. 375.

Water-supply to Malur.

Mr. Rama Rao, Malur taluk.

Summary of discussion.—During summer the water in the *Gajagundla* at Malur dries up. It may be replenished by the water of the Madivala tank through a channel.

Reply of Government.—The want is real. Will be investigated.
